DETAILED ACTION

Response to Amendment

This communication is in response to the amendment filed 8/11/2010. The amendment has been entered and considered.

Claim Objections

The amendment filed 8/11/2010 has been entered and considered. All previous claim objections are hereby withdrawn.

Allowable Subject Matter

Claims 3-5, 8-16, 23-34, and 36-39 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record, either alone or in combination, fails to teach or fairly suggest receiving a signal with a data packet at a second interface and transferring the data packet to the first interface such that the packet can be converted to SDH/SONET and sent over a backbone network and further the second interface signal block includes a control packet which is transferred to a PPP processor on a basis of an IP address of the control packet. These limitations in combination with the other limitations of the independent claims are thus deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2461

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
